Negotiations Continue On Proposed Soccer Stadium Downtown

Developers And City Working To Reach Financing Plan

The city of Las Vegas remains engaged in negotiations with the Cordish Companies and Findlay Sports & Entertainment on a financing plan for a new stadium in downtown Las Vegas on Symphony Park. The new stadium would be the home of a Major League Soccer (MLS) franchise, and will also host other events.

Based on an existing agreement, there is a Sept. 1, 2014 deadline for financial terms to be determined. If terms are reached among the parties, the proposed financing would then go before the Las Vegas City Council for a decision on whether or not the project should move forward.
